IMPORTANT DATES

CALL FOR APPLICATIONS: "LUXEMBOURG AI EXCELLENCE AWARDS" CELEBRATE AI INNOVATION

Following the tremendous success of the first edition, FEDIL, in partnership with Luxinnovation and with the support of the Luxembourg Chamber of Commerce, is excited to announce the official opening of applications for the 2026 edition of the **"Luxembourg AI Excellence Awards"**. This year's competition will once again shine the spotlight on outstanding achievements, groundbreaking projects, and innovative applications of Artificial Intelligence across Luxembourg's dynamic ecosystem.

This competition aims to celebrate achievements and excellence in AI research, product and solution innovation, business applications and society impact. Whether you are an ambitious startup or a well-established player, **this is your opportunity to highlight your impact on the ever-evolving AI landscape, earn visibility and strengthen your presence within the AI ecosystem**.

WHY PARTICIPATE?

- **Gain recognition:** Highlight your achievements and enhance visibility within the AI community and beyond.
- **Showcase innovation:** Demonstrate the impact of your innovative AI products, solutions and technologies.
- **Network with peers:** Connect with fellow innovators, experts, and potential partners.

- **Boost your credibility:** Winning an award provides valuable validation and strenghtens your reputation.

HOW TO APPLY

The competition rules and application form can be viewed and downloaded from the designated section at the bottom of this page.

The submitted projects must stand out for their innovative and original nature while also demonstrating relevance to the Luxembourgish economy.

IMPORTANT DATES

- **Friday, March 6th, 2026**: Applications deadline
- **Weeks of Monday 13 April to Friday 24 April 2026**: Pitches before the jury *(Applicants will be informed in advance whether they have been pre-selected to present before the jury.)*
- **Thursday, June 11th 2026**, Awards ceremony at Nexus Luxembourg Platform 2026

We encourage all AI innovators and organizations to take part and contribute to the celebration of excellence in Artificial Intelligence.

Should you need guidance or support, please contact celine.tarraube@fedil.lu or valentina.borriello@luxinnovation.lu.

We look forward to receiving your submissions.
