FEDIL

ÉCHO – MEDIA INFORMATION 2023

Founded in 1920, **Écho des entreprises** is the flagship publication of FEDIL – The Voice of Luxembourg's Industry.

With trilingual articles, Écho covers economic and social news affecting companies in many sectors, including manufacturing, construction, materials processing, automotive, aeronautics and space, chemicals and pharmaceuticals, green-tech, ICT, business services and many others.

By publishing company reports, news dossiers, opinions and interviews, Écho keeps you informed of the major issues that are shaping and changing the Luxembourg ecosystem.

With a circulation of 2,500 copies and a readership composed mainly of senior executives from the industry, banking, finance and trade sectors as well as of political decision-makers, Echo des Entreprises offers an ideal medium for targeting your advertising messages.

In addition to the magazine, which is published six times a year, our articles are also available online at www.fedil-echo.lu.
