JOB SHADOW 2026

The JOB SHADOW DAY allows students, from 16 years on, to shadow a business leader (or their representative) or a head of department for one day.

The experience is different from a simple company visit, as students can observe a business leader perform the daily tasks linked to his/her position during a full working day. That way, students gain insight into the working life and learn about the responsibilities of a business leader.

The project is a joint initiative by "FEDIL – The Voice of Luxembourg's Industry" and Jonk Entrepreneuren Luxembourg asbl with the support of the Chamber of Trades (Chambre des Métiers), the Chamber of Commerce (Chambre de Commerce) and the Ministry of Education, Children and Youth.

The Job Shadow Day gives your company the opportunity to:

- position your company as an attractive employer for young people;
- leave a lasting impression on future job seekers; strengthen your investment in Corporate Social Responsibility;
- pass on your professional experience to tomorrow's entrepreneurs;
- have a fruitful exchange with young people.

The Job Shadow Day will take place during the week of 23 March to 27 March 2026.

Register by 31 January 2026:
https://jonk-entrepreneuren.lu/en/program/job-shadow-day-2/

Beginning of March 2026, you will be informed of the student(s) who will spend the Job Shadow Day in your company. Please note that Jonk Entrepreneuren Luxembourg reserves the right to allocate students to companies.
