FEDIL ENVIRONMENT AWARD 2025

The FEDIL Environment Award rewards companies whose technical and financial efforts aim to combine productivity with the preservation of natural resources, sustainable development and energy efficiency.

The FEDIL Environment Award can be attributed in the following categories:

- **Clean technologies:** innovative processes that reduce the impact of a company's activities on the environment (pollution control at source, recycling of industrial waste, improving environmental quality);
- **Green products:** products that take account of environmental protection at all stages of their life cycle (design, manufacture, use, disposal);
- **Environmental management:** innovative actions aimed at optimising environmental management within companies.

Winning the FEDIL Environment Award is an opportunity to gain well-deserved recognition for your company's commitment to sustainable innovation and responsible business practices.

Apply until 15 September 2025 and showcase your environmental achievements!

See you on Tuesday 27 November 2025 for the awards ceremony!
