HIVE SERVICES S.À R.L.

DESCRIPTION

Hive is building a pan-European network that brings together a powerful mix of startups, innovators, investors, researchers, large corporations, public institutions, and healthcare organizations, all committed to shaping the future of healthcare. This vibrant community fosters the exchange of ideas across disciplines, stimulates impactful collaborations, and accelerates innovation that truly matters. What makes us unique is our comprehensive mapping of the European healthcare innovation ecosystem. We work hand-in-hand with venture capital funds, pharmaceutical companies, hospitals, CROs, research institutes, health insurers, large providers, public bodies, and other institutional stakeholders who rely on us to identify and connect them with high-potential innovative startups and projects aligned with their strategic objectives.
