EMMA TECHNOLOGIES S.À R.L.

DESCRIPTION

Founded in 2021 in Luxembourg, Emma Technologies offers an innovative cloud management platform designed to empower organizations of all sizes to harness the full potential of the cloud. A no-code technology, the platform bridges the gap between IT and non-technical users, offering an easy to use solution for creating and managing cloud infrastructure across on-premises, private, and public environments. The platform enables seamless navigation between multiple cloud providers, unlocking true multi-cloud flexibility while addressing challenges arising from operational complexity like cost, connectivity and security.
