

# EMMA TECHNOLOGIES S.À R.L.

## DESCRIPTION

Founded in 2021 in Luxembourg, Emma Technologies offers an innovative cloud management platform designed to empower organizations of all sizes to harness the full potential of the cloud. A no-code technology, the platform bridges the gap between IT and non-technical users, offering an easy to use solution for creating and managing cloud infrastructure across on-premises, private, and public environments. The platform enables seamless navigation between multiple cloud providers, unlocking true multi-cloud flexibility while addressing challenges arising from operational complexity like cost, connectivity and security.
