OCSIAL EUROPE S.À R.L.

DESCRIPTION

OCSiAl companies are involved in the research and development (R&D) of the production and manufacture of Single Wall Carbon Nanotubes (SWCNT) as a core activity, with subsequent study and testing of SWCNT for the use with any and all materials and applications, that may be used for commercial or consumer use once fully approved and/or homologated in due course. SWCNT are being developed as an additive for sale within other compounds and/or within OCSiAl manufactured products for sale in their own right.
