

ARTEC EUROPE S.À R.L.

DESCRIPTION

Artec 3D is a global leader in handheld and portable 3D scanners and has been at the forefront of developing innovative 3D technology since 2007. Artec 3D was founded in San Diego, California in 2007. In 2010 the founders set up HQ in Luxembourg, and the whole upper management team is based there to this day, except for one minority shareholder, who remains in California. We pride ourselves on manufacturing high-quality, yet easy-to-use portable 3D scanners, smart, user-friendly 3D software and an SDK that provides the best integration possibilities, whatever the application.
