ADWÄISEO S.A.

DESCRIPTION

adwäisEO SA, a Luxembourg SME, provides IT & Data Analytics services related to geospatial data in general and Satellite Earth Observations in particular. The company is one of the major European players in the Space Data Ground Segment and in the added-value (geomatics and EO) downstream sectors. Thanks to cutting-edge expertise in Remote Sensing, Data Analytics and ICT the company offers development and implementation of algorithms and processes for Big Data Mining and Data Transformations along with high performing and cost-effective solutions such as multi-Petabytes archives, intuitive geoportals and efficient processing solutions in cloud and/or HPC environment.
