# MOLECULAR PLASMA GROUP S.A.

## DESCRIPTION

MPG is constantly developing and commercializing its novel nanocoating technology using cold atmospheric plasma. The uniqueness of this technology lies in the fact that we use the plasma as a vector to graft organic chemistry directly onto any substrate in a single-step, solvent-free, scalable atmospheric process at room temperature. We provide R&D and industrial plasma systems dedicated to advanced surface functionalization.

## CERTIFICATION

## CONTACT

+352 54 55 80 46 1

<https://www.molecularplasmagroup.com>

4B, rue du Commerce L-3895 Foetz

VAT-ID: LU 28385130

## KEY FIGURES

Foundation year	<b>2016</b>
National workforce	<b>13</b>
Share capital	<b>574,129€</b>

## MANAGEMENT

**M. MARC JACOBS**  
chairman

**M. STIJN  
VANSANT**  
CEO & CFO
