WAVES S.À R.L.

DESCRIPTION

Waves' vision is to make sustainability visible and enable circular economy through digitalization and cloud technology. The Sustainability Management Platform (SMP) by Waves supports companies in managing their sustainability. From the meaningful analyses, which are mapped based on real data in the SMP dashboard, efficiency improvement potentials and effective sustainability measures can be derived for companies. The long-term goal of the platform is to make not only the ecological, but also the economic and social impacts transparent and thus enable the circular economy.
