⁽⁵⁾ Since fiscal year 2019, the single rate system is replaced by a bonus-malus system whereby the individual contribution rate of each contributor (employers and self-employed) can be reduced or increased according to the cost of work-related accidents during the observation period. The single contribution rate, set at 0.65% for the year 2026, is thus multiplied for each contributor by its bonus-malus factor that can take the values 0.85; 1.0; 1.1; 1.3 or 1.5. Each contributor should receive an information letter, mentioning his individual contribution rate, as part of the introduction of the bonus-malus system.

⁽⁶⁾ These rates only apply to companies affiliated with the STI or the STM.

⁽⁷⁾ Subject to the adoption of this contribution by the STI General Assembly.
