

Goodyear is one of the world's largest tire companies. It employs about 72,000 people and manufactures its products in 57 facilities in 23 countries around the world. Its Innovation Centers in Akron, Ohio, Colmar-Berg, Luxembourg and Hanau, Germany strive to develop state-of-the-art products and services that set the technology and performance standard for the industry. For more information about Goodyear and its products, go to www.goodyear.com/corporate.

Do you want to be a part of a team based in Colmar-Berg working in a fast paced, world class organization, driven by leading edge technology? ... if the answer is yes, then we have just the job for you...

Electrical Project Engineer (Industrial Automation) (m/f)

The opportunity

- Join a young and dynamic engineering team
- Discover innovative technology solutions for Tire Industry processes

We are currently looking for Electrical Project Engineer to join our team in Luxembourg. On this position you will:

- Lead and/or realize Engineering equipment and Infrastructure projects
- Establish technical specifications based on customer department needs as well as on Goodyear internal and legal requirements
- Electrical / Industrial Automation design of Industrial/Manufacturing equipment and systems
- Support production and maintenance departments on existing machinery reliability improvement and major breakdowns

To join our team you will need:

Education:

The candidate should have a Master's degree in Engineering (Automation, Electric, Electronics or Electromechanics).

Languages:

- Fluency in English is mandatory.
- Fluency of either German or French is a major advantage.

Experience:

- At least 2-3 years of experience.
- Experience with automation technology is an asset.

Skills & Qualifications:

- Strong analytical skills
- Proactive mindset
- Active team member, self motivated
- Ability to communicate internally and externally
- Open-minded and flexible
- Working in a plant environment is part of the job
- Committed to planning and results
- Flexible personal availability if needed

Are you looking for an opportunity to join a company that has a long history and an exciting future? A place where you can grow within an international organization? A role where you will contribute to increasing the innovation, safety and sustainability of the tires that drivers across EMEA rely on every day?
